SPRING 2024 SEMESTER 4 (MAY - AUGUST) - 1 COURSE

TOTAL HOURS: 420

CO-OP PLACEMENT	OR	APPLIED INDUSTRY PROJECT
WKPL 3020 Cloud Computing Co-op		CLOD 2009 Applied Industry Project: Cloud Computing
Co-op is a work integrated experience built into post-secondary programs to allow you to get hands on experience in your field of study while applying your academic studies. The integration of formal learning practices with developmental learning opportunities helps to enhance and consolidate the knowledge, skills, abilities and attitudes of emerging professionals. This is also an opportunity to interact and demonstrate your skills to potential employers.		<p>This option is only available under extenuating circumstances and students will need the approval of the Academic Vice-President.</p> <p>The integration of formal learning practices with developmental learning opportunities helps to enhance and consolidate the knowledge, skills, abilities and attitudes of emerging professionals. The industry project will be performed on the College campus under the guidance of the College faculty.</p>
