SPRING 2025 SEMESTER 4 (MAY - AUGUST) - 1 COURSE

TOTAL HOURS: 420

| CO-OP PLACEMENT | OR | APPLIED INDUSTRY PROJECT |
|--|----|---|
| <p>WINP 2005 Wireless Networking Co-Op</p> | | <p>WINP 2007 Applied Industry Project: Wireless Networking</p> |
| <p>Co-op is a work integrated experience built into post-secondary programs to allow you to get hands on experience in your field of study while applying your academic studies. The integration of formal learning practices with developmental learning opportunities helps to enhance and consolidate the knowledge, skills, abilities and attitudes of emerging professionals. This is also an opportunity to interact and demonstrate your skills to potential employers.</p> | | <p>This option is only available under extenuating circumstances and students will need the approval of the Academic Vice-President.</p> <p>The integration of formal learning practices with developmental learning opportunities helps to enhance and consolidate the knowledge, skills, abilities and attitudes of emerging professionals. The industry project will be performed on the College campus under the guidance of the College faculty.</p> |
